

UEFA Europa League Final Slot Allocation Procedure 2017

Attention air carriers operating air service to Bromma Stockholm Airport between 24th May and 25th May 2017 for the UEFA Europa League Final.

Subject: UEFA Europa League Final 2017 in Stockholm

To whom it may concern,

The UEFA Europa League Final will be hosted at the Friends Arena in Stockholm on the 24th May 2017 which will lead to an additional demand at both Stockholm-Arlanda Airport and Bromma Stockholm Airport.

For the period of the 24th May 07:00 UTC to 25th May 10:00 UTC 2017 ACS will be implementing a slot allocation procedure in order to:

- Maintain the usual traffic at the airport in an efficient and punctual manner.
- Effectively utilize airport capacity.
- Process the additional planned traffic specific to the game.
- Inform all aircraft operators about the specific rules applicable for Bromma and about the enforcement procedure.

Please observe: All aircraft operators sending a slot request must comply with Bromma Stockholm Airport restrictions and requirements stated in AIP AD-2 ESSB. E.g. opening hours (night curfew), weight restrictions, noise abatement and requirements for operation aircraft with higher reference code than 3C.

ACS together with the Bromma Stockholm Airport has put in place the following procedure to be followed by all operators:

- No additional SCR/GSR slots request "C" or "O" will be approved, due to the expected high demand on airport capacity and facilities between May 24th and May 25th (public holiday).

The following flights are exempted from slot allocation but we highly recommend that the operators keep us informed of their intention even on short notice:

- Medical, emergencies, evacuation or humanitarian flights
- State and military flights
- Search and rescue operations
- Emergency operations
